

I am writing in response to the FCC's proposal to expand the LPFM stations. I am a listener of the radio station K_LOVE, 106.7 in Greensboro, North Carolina. This station truly enhances the lives of my husband and my two children; the music is clean, the commentary is clean. Additionally, I have numerous friends who listen to this station and agree on the immense positive effects K_LOVE's family friendly programming has on their lives and the lives of their family members. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. I am sure with much consideration, you will not allow stations such as K_LOVE to be forced off the air due to the LPFM expansion of service.
